

Celery Investigation Data Collection Chart

My Prediction:

Describe or draw
What you think
the celery will
look like in 2 days.

Draw or write your observations:

4 Hours

A large empty rectangular box for recording observations at the 4-hour mark.

8 Hours

A large empty rectangular box for recording observations at the 8-hour mark.

24 Hours

A large empty rectangular box for recording observations at the 24-hour mark.

48 Hours

A large empty rectangular box for recording observations at the 48-hour mark.
